

Venue

The XXV ISSSMC will be held online from the location of the Institute of Physics NAS of Ukraine, Kyiv

Registration fee

Registration fee is set at 300 UAH for regular participants with possible discount for students. It includes the following materials and digital services:

- Digital conference program
- Printed/digital conference Abstracts book
- Digital name badge
- Fee payment receipt
- Online or digital presentation
- Certificate of Attendance and Presentation
- Certificate of Best Presentation (for young scientists)
- Option to publish in the special issue of Molecular Crystals and Liquid Crystals (Taylor & Francis) journal or Ukrainian Journal of Physics.

The payment details will be provided in Second Announcement.

Important Dates

Abstracts submission deadline –
31.05.2021

Second Announcement –
after 31.05.2021

Registration fee payment –
before 31.08.2021

Useful Information

FIRST ANNOUNCEMENT

**XXV Galyna Puchkovska
International School-Seminar
“Spectroscopy of Molecules
and Crystals”
(XXV ISSSMC)**

**September 21-24, 2021
Kyiv,
Ukraine**

Dear Colleagues,

On behalf of the Organizing Committee we have the honor to invite you to participate in XXV Galyna Puchkovska International School-Seminar "Spectroscopy of Molecules and Crystals" (XXV ISSSMC), which will be held at the location of the Institute of Physics NAS of Ukraine, Kyiv. The ISSSMC is a well-recognized international meetings of experienced and young spectroscopists, named after its founder, Professor Galyna Puchkovska, which is being held biennially in different venues of Ukraine since 1973. Given the current situation with the spread of the COVID-19 disease, the Organizers decided to hold this year's conference in a hybrid form.

Organizers

- Institute of Physics NAS of Ukraine
- Taras Shevchenko National University of Kyiv
- Ukrainian Physical Society

Taylor & Francis
Taylor & Francis Group

Topics

Recent advances in experimental and theoretical spectroscopic studies of:

- crystalline solids and magnetic materials
- nanostructured systems
- surfaces, interfaces and thin films
- liquid crystals and colloids
- liquids and amorphous materials
- polymers and biological systems
- materials for opto- and molecular electronics
- spectroscopic methods and applications

The Scientific Program will include the on-line plenary lectures (via zoom platform), digital oral and e-poster contributions. The plenary lectures will provide state-of-the-art reviews in new and developing areas of molecular spectroscopy.

The official language of the conference is English. Therefore all the contributions should be submitted and presented in English. No simultaneous translation will be provided.

Registration

Registration and abstract submission is available online

March 22 – May 31, 2021

at <https://isssmc.org.ua>.

Registration and abstracts submission will be possible via your personal account after login-in. Please create your account (login and password), register and submit your abstracts using the provided abstract template.

XXV ISSSMC Proceedings

Participants are cordially invited to submit a full-length manuscript for publication in a special issue of **Molecular Crystals and Liquid Crystals** (Taylor & Francis) journal as well as in a special issue of **Ukrainian Journal of Physics**. Manuscripts should be prepared according to the Rules for Authors of corresponding journal and submitted to the Organizing Committee during the conference. All manuscripts will be subjected to a mandatory selection and peer-reviewing in accordance with the journal procedures.
